## Do you need support to maintain your housing

Keys to Early Intervention in  
Homelessness Service (KEIHS)

# Are any of these things affecting your tenancy?

- Receipt of a Remedy Breach/Notice to Leave
- Changes to your family/household causing significant concern
- Relationship problems
- Financial difficulties
- Communication with your landlord or agent
- Changes to employment
- Concerns with substance use
- Concerns with gambling
- Physical or mental health concerns
- Changes to household income

## Our experienced support workers provide a confidential service which can:

- Give you information about housing and related matters
- Assist you to make contact with other services, such as financial counselling, legal, parenting and relationship services
- Advocate on your behalf with relevant services with your consent
- Inform you about your rights and responsibilities as a tenant
- Provide individually focused case management support
- Provide assistance to plan and achieve goals
- Provide living skills/personal development support

## What people say about our service:

“When I first went to the KEIHS service I felt heard, supported and understood”

“KEIHS worked with me as an individual; they understood my personal circumstances”

“The compassion and encouragement of the KEIHS worker always kept us going”

“I now feel more hopeful”
